### SALE AGREEMENT and HEALTH GUARANTEE

Brown Dog Retrievers is dedicated to producing healthy, genetically sound pups. Your puppy is guaranteed to be healthy and free of congenital defects under the conditions described below:

This agreement is made between Ed Arnett and Brown Dog Retrievers (hereafter referred to as "Seller") and \_\_\_\_\_ (hereafter referred to as "Purchaser"). Seller transfers all rights, privileges, and responsibilities associated with ownership of this puppy to Purchaser as of the date described below. Transfer of all paperwork necessary for full registration with AKC is included in the purchase price. Specific conditions of this sales agreement and guarantee include:

1. Purchaser has 15 days from the date of purchase in which to have a veterinarian examine the pup for health problems. If there is a problem that cannot be rectified, Purchaser may return the puppy to the Seller on the day following the examination, with a veterinarian's statement, for a full refund of the purchase price of the pup. After 14 days, Purchaser assumes all responsibility and liability for any genetic or other medical conditions except those described below.
2. If before the age of 26 months, the purchased dog develops hip dysplasia as evaluated by the Orthopedic Foundation for Animals (exam between 24 and 26 months of age), or if before age 12 months your dog develops Progressive Retinal Atrophy, cataracts, or retinal dysplasia as certified by an ACVO Diplomate veterinary ophthalmologist, the Seller will compensate the Purchaser once with either (1) another puppy of equal value or similar quality (replace), or (2) two thirds of the original purchase price to be refunded in lieu of a replacement puppy (refund). The decision to replace or refund is at the discretion of the Seller. All charges incurred in replacing a puppy will be assumed by the purchaser. If the value of the replacement puppy is greater than the original purchase price, the Purchaser will be responsible for paying the difference.
3. The Purchaser has several responsibilities and conditions when making any claim for a replacement or refund for the terms of this guarantee to remain in effect:
  - Seller must be notified within 15 days of diagnosis of the above mentioned congenital defects.
  - Seller may require all medical records relating to a diagnosis for a claim be forwarded to Seller for a secondary opinion. Expenses for initial diagnosis are the responsibility of the Purchaser, while expenses for a secondary opinion shall be the responsibility of the Seller. Seller agrees to return all forwarded records and information back to purchaser.
  - The dog must be neutered/spayed or euthanized (documentation required) before 30 months of age for hip/elbow dysplasia; 16 months for eye defects.
  - The dog may not have been bred prior to the claim.
  - The dog MUST be registered by AKC in the original Purchaser's name and have Brown Dog's or BDR's as the prefix in the registered name.
4. Any claim by the Purchaser shall be in writing and be accompanied by (1) a copy of this guarantee; (2) original AKC Registration Certificate, with ownership signed back to Seller; (3) veterinary certification of hip or eye defect as described above; and (4) veterinary certificate of neuter/spay or euthanasia. This claim must be submitted to the Seller with all required documents before the dog reaches 30 months of age for hip dysplasia; 16 months of age for PRA, cataracts, or retinal dysplasia.
